English

PROFILE

Computer science student at the University College of Engineering and Technology with experience in C, C++, Java, Python, HTML, CSS, JavaScript, and React.js. Passionate about web development and logic building, with hands-on experience in creating responsive web applications.

WORK EXPERIENCE

CodSoft

intern   *June 1, 2024 – June 30, 2024*

- Gained practical experience in HTML, CSS, and JavaScript through hands-on projects.
- Developed and designed a personal portfolio website using HTML, CSS, and JavaScript.
- Completed three projects, showcasing proficiency in front-end web development.
- Enhanced understanding of responsive design, web accessibility, and cross-browser compatibility.
- Applied problem-solving skills to debug and optimize code for better performance.
- Learned to manage project timelines and deliverables effectively.

PROJECTS

WordToWord Text Editor   *Project: 1*

- Technologies: **HTML, CSS, JavaScript, React, Bootstrap, Google Fonts API, OpenAI API**
- Developed an advanced text editor with features such as syntax highlighting and real-time text formatting.
- Integrated OpenAI API for advanced text processing and suggestions, enhancing user experience.
- Utilized Bootstrap and Google Fonts API to improve the UI/UX design.

Day To Day News   *Project: 2*

- Technologies: **React, HTML, CSS, Bootstrap, JavaScript, NewsAPI**
- Created a news application allowing users to read daily news categorized by topics.
- Implemented NewsAPI to fetch and display news content dynamically.
- Designed a responsive UI using React and Bootstrap for better user interaction.

Personal Portfolio   *Project: 2*

- Technologies: **HTML, CSS, JavaScript**
- Developed a personal portfolio website showcasing projects and skills with animations.
- Focused on creating a visually appealing and user-friendly interface using CSS animations and JavaScript.
